PUBLICATION AND MICROFILM
COPYING RESTRICTIONS

Reel duplication of the whole or of any part of this film is prohibited. In lieu of transcripts, however, enlarged photocopies of selected items contained on these reels may be made in order to facilitate research.

A Note on the Sources

The pages which were microfilmed for this collection are in generally good condition in the original. There are some pages, however, which due to age are lighter than normal. Additionally, because some volumes are very large and have been bound tightly and cannot be unbound, there are intermittent occurrences of slight distortion of the edges of a small percentage of the pages. We have made every technical effort to ensure complete legibility of each and every page.

Edison & Murray/Menlo Park Laboratory Accounts, Cat. 1220

This book covers the years 1875-1876 and 1878-1879 and was used both as a daybook for the firm of Edison & Murray and as a time book for the Edison laboratory at Menlo Park. The daybook entries are on pages 8-169 and cover the period January 1875-January 1876. The time book (pages 190-202) lists work done between October 1878 and January 1879. There are also undated entries on pages 384 and 396. The cover is labeled "T.A. EDISON BILL BOOK INVOICE BOOK Jany 1875 to Dec 1878." The book contains 396 numbered pages.

Blank pages not filmed: 1-7, 170-189, 204-356, 365-383, 386-395.

Missing pages: 357-364.

Edison & Murray Accounts, Cat. 1223

This order book covers the period January-June 1875. Pages 1-197 contain a record of orders shipped and received. Lists of stock and supplies for Gilliland & Co. appear on pages 200 and 218. Pages 204-216 contain an inventory of stock and tools taken in May 1875--when the firm of Edison & Murray was dissolved. A few miscellaneous accounts can be found in the back of the book. The cover is labeled "Edison & Murray Order Book Jany 21, 1875." The book contains 301 numbered pages.

Blank pages not filmed: 24-59, 68-69, 76-83, 104-105, 198-199, 202-203, 227-246, 251-279, 282-289, 294-301.

Missing pages: 219-226, 247-250.

EDISON & MURRAY ACCOUNTS

Labor and Cost Accounts

Edison & Murray Accounts, PN-72-08-16

This time book covers the period August 1872-June 1873. It lists the hours and pay of each employee. Some pay period entries bear notations indicating the amount of money received from J.T. Murray to meet the payroll. There are drawings on the inside front cover and first page. The cover of this pocket notebook is marked "T.A. Edison Time Book Room No. 1, 2, 3, & 4." The book is unnumbered. Approximately 110 pages have been used.

Edison & Murray Accounts, Cat. 30,106

This notebook covers the years 1871 and 1873. The later entries list the hours and piecework of employees of Edison & Murray from February through April 1873. At the beginning of the book is a list of tools and other stock for May-September 1871. The inside front cover is marked "Newark Telegraph Works Edison & Unger Proprietors." Approximately 60 pages of this unnumbered book have been used. Many pages have been torn from the book.

Edison & Murray Accounts, PN-72-06-14

This pocket notebook covers the periods June-July 1872 and October-November 1874. The later entries list the hours worked by, and payments made to, employees of Edison & Murray. The entries at the beginning of the book probably record time worked on a job for Stearns & Mendell in 1872. The front cover is marked "Time Book for Stearns & Mendell." Approximately 30 pages of this unnumbered book have been used.

Edison & Murray Accounts, PN-75-00-00.2

This unnumbered pocket notebook was used to record the hours worked by company employees, probably in the year 1875. The only dated entries are for April and May but comparison with other labor accounts indicates that this book was begun in January 1875. Approximately 30 pages have been used. Each page is stained with blue ink.

Edison & Murray Accounts, PN-75-01-22.3

This pocket notebook contains only a few dated entries covering the period January-February 1875. The cover of the book is marked "Time on Work Dannod in a/c with Edison & Murray," but only the first two pages deal with Dannod's account. The remainder of the book records hours worked by employees on perforators, clocks, transmitters, relays, fire alarms, and other pieces of telegraph equipment. Approximately 30 pages of this unnumbered book have been used.

Menlo Park Accounts, Cat. 1185

This ledger is primarily a continuation of the accounts in Cat. 1216. The entries cover the period April 1876-November 1878. Many are initialed by William Carman and some bear notations indicating that they were transferred to a "new book" (Cat. 1187).

The first part of the book also contains Edison's personal accounts for the period January 1869-July 1874. These early entries do not run in chronological order, and their neatness and uniformity suggest that they were probably copied into the ledger by him well after they were originally recorded. Pages 84-85 contain a list of Edison's assets and liabilities on April 20, 1875. A statement of the assets and liabilities of the firm of Edison & Unger for January 1872 appears on page 378.

The spine is labeled "GENERAL LEDGER. July 1871 to Nov. 1878." A 24 page index precedes 381 numbered pages.

Blank pages not filmed: 34-37, 40-43, 48-49, 72-77, 80-83, 86-87, 94-97, 100-101, 106-107, 198-199, 216-217, 240-241, 262-263, 272-275, 282-283, 294-295, 300-301, 304-305, 314-317, 320-321, 324-327, 330-333, 336-339, 342-343, 346-347, 354-363, 366-372, 375, 380-381.

Missing Pages: 243-244, 373-374.

MENLO PARK ACCOUNTS

Books of Original Entry

Menlo Park Accounts, Cat. 1217

The entries in this daybook cover the periods March 1877 and April-November 1878. The entries are grouped by month but do not follow a chronological order within each month. A few entries have short explanatory notes after them. Miscellaneous notes and accounts, including a statement of the Gold & Stock account, dated January 1873, appear on the last pages. The front cover is labeled "Day Book Journal March 1877 to Nov 1878." The book contains 289 numbered pages.

Blank pages not filmed: 248-276, 279, 288-289.

Missing pages: 1-92, 94-96, 107-108, 159-160, 167-170, 235-236, 277-278.

MENLO PARK ACCOUNTS

Labor Accounts

Menlo Park Accounts, PN-78-12-01

This pocket notebook records the hours worked by Smith Acker, and payments made to him, during December 1878 and January 1879. The cover is marked "Smith Acker in a/c with Thos. A. Edison Menlo Park N.J." Only two pages of this unnumbered book have been used. Labor accounts for Mr. Acker can also be found in PN-77-12-18 (Charles Edison, Personal Accounts).

A Note on the Sources

The pages which were microfilmed for this collection are in generally good condition in the original. There are some pages, however, which due to age are lighter than normal. Additionally, because some volumes are very large and have been bound tightly and cannot be unbound, there are intermittent occurrences of slight distortion of the edges of a small percentage of the pages. We have made every technical effort to ensure complete legibility of each and every page.

PUBLICATION AND MICROFILM
COPYING RESTRICTIONS

Reel duplication of the whole or of any part of this film is prohibited. In lieu of transcripts, however, enlarged photocopies of selected items contained on these reels may be made in order to facilitate research.
